TEACHING LEARNING & EVALUATION

2.6.2 Attainment of POs and COs are evaluated

The level of attainment of Program Outcomes, Program Specific Outcomes and Course Outcomes are measured using various indicators throughout the semester of the academic year by following different methods;

- **University Examination**
- **Internal Assessment**
- **Practical Assessment/ External Assessment**
- **Result Analysis**
- **Feedback on Curriculum**

The faculty records the performance of each student with the help of the specified course outcomes through a continuous evaluation process. The faculty conducts internal tests, Class seminars, group discussions, quiz and field projects in order to assess the Programme Outcomes and Programme Specific outcomes attained by each student. Some of the key indicators of measuring attainment are:

1. **University Examination:** Being an affiliated college of Dr. Babasaheb Ambedkar Marathwada University Chhatrapati Sambhajinagar, the students of Kalikadevi Arts, Commerce and Science College are required to take examinations as per the semester pattern set by the university, through which the institution measures programme outcomes based on the course attainment level fixed by the programme.

2. Internal Assessment:

The Internal Assessment constitutes 20% weightage of the total marks (100) in each subject. The students are given assignments which are designed in alignment with Programme Outcomes of the respective subject. Additionally, internal/class tests, quiz, Class Seminars, Group Discussions etc. are conducted semester wise to judge the performance of students on a regular basis.

3. Practical Assessment/ External Assessment: It is evaluated by inviting external experts appointed by the university to evaluate each student by conducting Practical examinations, and taking Viva-Voce and evaluating the practical files.

4. Result Analysis: At the end of each semester, result analysis of each course is carried out by heads of department indicating the percentage of students falling in different categories. This is an effective indicator in order to evaluate the level of attainment of POs, PSOs and COs as specified by the university.

5. Feedback on Curriculum: The Institute adheres to the syllabus designed by affiliating University. Feedback about the demands and expectations of students

and teachers is collected each year. In addition to this the Institute invites suggestions from its stakeholders such as students, teachers and alumni about their expectations from the curriculum. The inputs are obtained from the stakeholders regularly and further used for enriching the curriculum that helps to improvise the overall competency of the students for employability.
