

## **CORE VALUES OF INSTITUTES**

With the vision and mission of encouraging rural student's for development of self and society without indulging in any covetousness, our institution strives to inculcate following core values among students,

### **1. Developing social and moral values:**

We develop social and moral values among students through different society oriented activities.

### **2. Cultivation of national ethics:**

National ethics and values are embedded in students by making them aware of contribution laid by national personalities in nation building by celebrating their birth anniversary and commemoration days.

### **3. Nurturing human values:**

For nurturing human values, students are motivated to work out for communal harmony and brotherhood, religious tolerance and perversion of culture and heritage.

### **4. Enhancement of academic environment:**

For enriching academic environment we motivate students for involving in curricular activities as exhibition, research project, paper presentation and class discussion.

### **5. Inspiring young minds:**

Programme of scientific temperament, knowledge and skill development, Leadership development, Career advancement and community services are planned and implemented.

### **6. Independent and Responsible Citizenship:**

We create a platform where students express their views and ideas, learn about law and rights of citizen, inculcate financial thrift and chase for excellence in unceasingly intense way.
