

7.3.1 - Portray the performance of the Institution in one area distinctive to its priority and thrust within 200 words

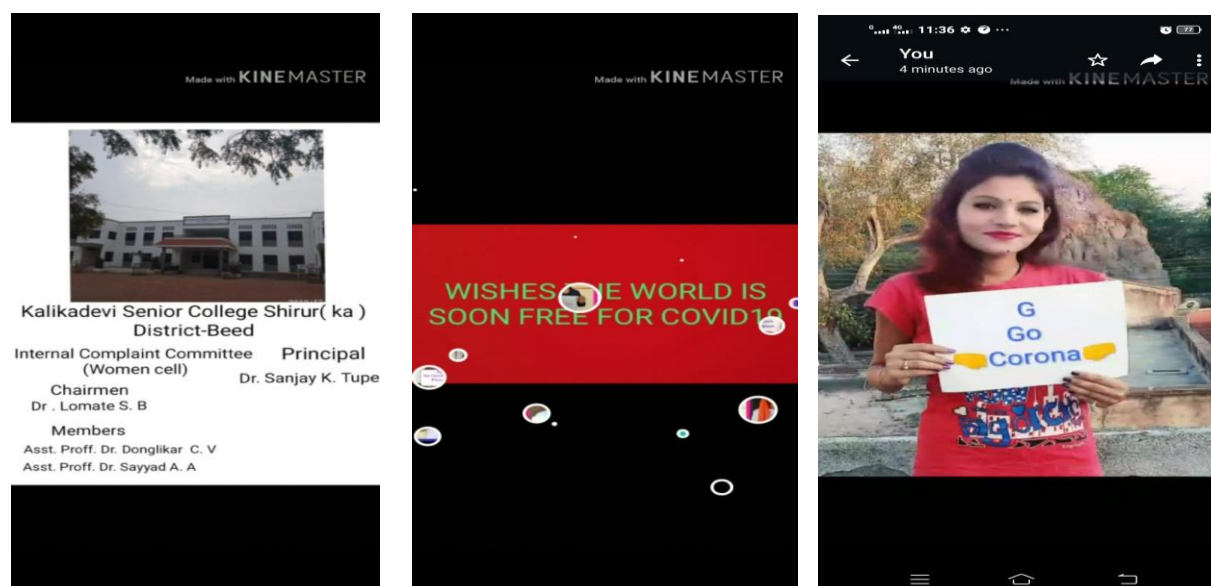

With the vision, “The institution has a right aim, which leaves no room for covetousness or indulgence but encourages everybody for development of self and society”. Our college aims to bring the rural masses into main stream and make them a responsible citizen of India. In order to achieve this mission during academic year 2020-21 which could be also marked as pandemic year, college has taken various efforts for arranging different events and creating the platforms for the students. While arranging these programs not only the current students but also our alumni and other stakeholders had contributed a lot.

During covid-19 period our Students and teachers were encouraged to undertake Janta Curfew pledge during lockdown to show their responsibility as citizens. **Internal Complaint Committee** prepared video for giving awareness messages to students and citizens to stay at home and prevent spread of virus. Videos were made by different departments and committees, saluting COVID warriors. Also during this period, Alumni students and faculty members of our College had distributed groceries to needy people affected by COVID pandemic. The Institution is taking maximum efforts to ensure safe environment in the College.

N.S.S. Department & Health care center of our college had distributed fruits among old people in old age home, civil hospital and needy people.

Along with extracurricular activities considering the pandemic situation our English department had organized online Student Development Program and Online Lecture Series for student and staff through Facebook Live. Also Internal Complaint Committee and Home Science department had also organized student and student and society oriented online guest lectures.
